

COIL DEFENDER

Ice Machine Cleaner

Ice Machine Cleaner is a food grade cleaner used to dissolve scale deposits from ice machine makers.

FEATURES

- Highly concentrated economical cleaner
- Nickel safe
- Removes scale and other water deposits quickly
- UV dye to ensure effective unit flushing

BENEFITS

- Also, perfect for hot water heaters, humidifiers and water cooled condensers.
- Improves system efficiency
- Food grade acids used

DIRECTIONS FOR USE

- Add ICE MACHINE CLEANER to circulating water at 50mls per litre
- Operate the system for 30 minutes
- Brush onto all scaled surfaces
- Drain and flush system well with clean water
- Repeat for heavily scaled units

COIL DEFENDER Related Products

Coil Protect is a product applied to cooling and heating coils to stop mould and bacteria growing on the coils. It is applied to clean, dry coils and leaves a thin surface coating which stops microbial growth. The coating is applied every 12 months.

Pan Tablets are a slow release anti-microbial which are placed in the evaporator tray to stop slime growth blocking drain lines. The tablet lasts for 12 months and is replaced when the Coil Protect is reapplied.

Filter Protect is a product applied to filters to extend the life and improve the efficiency of the filter. The filter treatment is applied to clean or new filters and will stop the growth of bacteria and mould from prematurely blocking the filter and reducing efficiency.
